Highlighted (or not) cells cover whole US sizes.

*All SCARPA non-plastic footwear uses European sizing.

- -- 12 US sizes cover same range as 16 Euro sizes.
- -- 1/3 US sizes are closest approximate size to European scale.
- -- More sizes provide a better, more precise fit for your intended use.

Rock shoes: Downsize between 1/2-size to 2-full sizes from street shoe sizing.

-- Downsizing depends on model, intended performance, and personal preference.

Mountaineering: Upsize (1/2+ sizes) depending on desired fit.
